

Out of This Will Come Sunshine

(c)2008 Words & Music by K.Paton/T.E.Riley

I would like
To feel this on my own
To feel just what it's really like
To really be alone
I won't fight
I won't even pray
I'll just let it sweep me up
And spirit me away

(Oh-o)

*I have been in love
But it's not enough
To keep me out of this*

I would like
To grant myself a stay
To dodge the agent of my end
With wanton perjury
But I'll lie down
In a still and special place
And you can gather up the earth
To sprinkle on my face

(Oh-o)

*I have been in love
But it's not enough
To keep me back from this*

[inst. Break]

*I have been in love
But it's not enough
To keep me out of this*

Once I'm gone
You'll all still be the same
And I won't be the one bad egg
In the kingdom of the vain

(Oh-o)

*I have been in love
But it's not enough
To keep me out of this*
